Madison County Right To Life

WHY IS IT SO IMPORTANT TO VOTE PRO-LIFE

Precious, innocent human life is being weighed on a scale this year. Will the scale tip in favor of life? Or will it tip towards death, with laws and leaders determined to end as many lives as possible. Let's review what has happened in just the last three years under pro-abortion President Joe Biden:

- Support for a national law that would remove any and all protections for unborn children.
- Calling for the repeal of the Hyde Amendment, which prevents the use of tax dollars from being used to pay for most abortions in the U.S.
- Sending millions of dollars to organizations that perform or refer for abortions and giving our tax dollars to such organizations in other countries.
- The Department of Defense is using tax dollars to provide transportation and expenses for military personnel to obtain an abortion. The VA is using tax dollars to pay for abortions in its hospitals.
- The FDA removed most regulations on the abortion pill, even allowing pharmacies to mail the dangerous drug directly to a woman for a do-it-yourself abortion.
- Using the Emergency Medical Treatment and Active Labor Act, a 38 year old law, to attempt to force all hospital emergency rooms nationwide to provide abortions on demand.

These are all in progress. What will our country look like if this continues for another four years? If you believe in the dignity of human life, if you believe the elderly and those with disabilities should be cared for rather than encouraged to end their lives by assisted suicide, let your voice be heard at the polls in May and November. *Carol Tobias, LifeNews.com May 3, 2024.*

THE ABORTION PILL: WILL THE SUPREME COURT RULE IN FAVOR OF LIFE OR DEATH?

The Supreme Court heard oral arguments on March 26, 2024 in a case that could see the dangerous abortion pill prohibited from being sold by mail and important FDA warnings about the dangers of the abortion drug restored after the agency removed them for little or no reason. The case claims that the FDA should not have approved the drug for use in the abortion pill regimen in 2000 and that the agency has further put women in danger with other changes to the regimen in 2016 and beyond. "The FDA's own label for these drugs says that roughly one in 25 women who take them will end up in the emergency room," said Senior Counsel Erin Hawley, who represents the Alliance for Hippocratic Medicine. Hawley went on to say, "The FDA acknowledges that women are even more likely to need surgical intervention and other medical care without an in-person visit." Dr. Grazie Pozo Christie, who wrote an amicus brief on the case, told LifeNews: "It is alarming that the FDA has placed politics above the health and safety of women and girls in the case of abortion drugs. The FDA, which is tasked with "ensuring the safety, efficacy, and security" of drugs has ignored science and common sense by removing every meaningful safeguard around mifepristone, including critical in-person medical oversight..." SBA Pro-Life America's State Policy Director Katie Daniel added: "The Supreme Court is set to hear a landmark case brought by doctors who routinely witness the fallout for women and girls who turn up in ERs with severe pain, heavy bleeding, infections and other serious complications, not to mention the trauma some experience when they deliver their own aborted child alone in the bathroom. The truth about abortion drugs is being exposed and we hope the FDA will finally be held accountable for failing to protect Americans." Priests for Life Executive Director Janet Morana cited recent figures showing chemical abortions account for 63 percent of all abortions in the nation point to the fact that more women are at risk every day. A decision is expected by summer. **Please pray that God will guide the Supreme Court Justices in making a righteous ruling in this case.** *Steven Ertelt, LifeNews.com, March 26, 2024.*

"Any country that accepts abortion, is not teaching its people to love, but to use any violence to get what it wants."

Mother Teresa.

THANK YOU

We wish to express our sincere thanks to the following churches for their unfailing support of our mission throughout the years:

- | | |
|------------------------------|-----------------------------|
| St. Mark Catholic Church | Red House Baptist Church |
| St. Clare Catholic Church | Pilot Knob Baptist Church |
| Wayside Christian Church | Wayside Christian Church |
| Bethel Baptist Church | Emmanuel Baptist Church |
| White Hall Baptist Church | Union City Christian Church |
| Liberty Ave. Baptist Church | First Baptist Church |
| Big Hill Christian Church | Ashland Church |
| Providence Baptist Church | Rosedale Baptist Church |
| Linden Street Baptist Church | Church on the Rock |

If you don't see your church on the list and would like to become involved, contact us about becoming a church liaison for Madison County Right to Life.

BILLBOARD UPDATE

As some of you may know, our billboard on I-75 which states, "I'M A CHILD, NOT A CHOICE" was recently damaged by wind and had to be replaced. We are happy to report that the billboard copy was replaced and looks better than ever. God is so good! To support our billboard, please visit our website, madisoncountyrto.org.

EXCITING EVENTS COMING UP

Please keep an eye on our website and Facebook page for announcements concerning our annual membership meeting. We are also joining with Kentucky Right to Life in planning a unique Life event!

VARIABLE: A ONE-ACT PLAY

In 75 minutes, with three actors and two chairs, an unforgettable tale will unfold before you; a tale of heartbreak, grieving, sorrow, and shame. As only God can, He restores the wages of heartbreak, grieving, sorrow, and shame through grace, unmitigated mercy, and forgiveness. He puts condemnation aside in favor of comfort and compassion for a woman who has lost her child to abortion and paid a terrible emotional price. This moving play will be performed in Kentucky September 19—21, 2024 in Elizabethtown, Mount Sterling and Owensboro. Watch our website and kyrighttolife.org for information containing times and locations.
